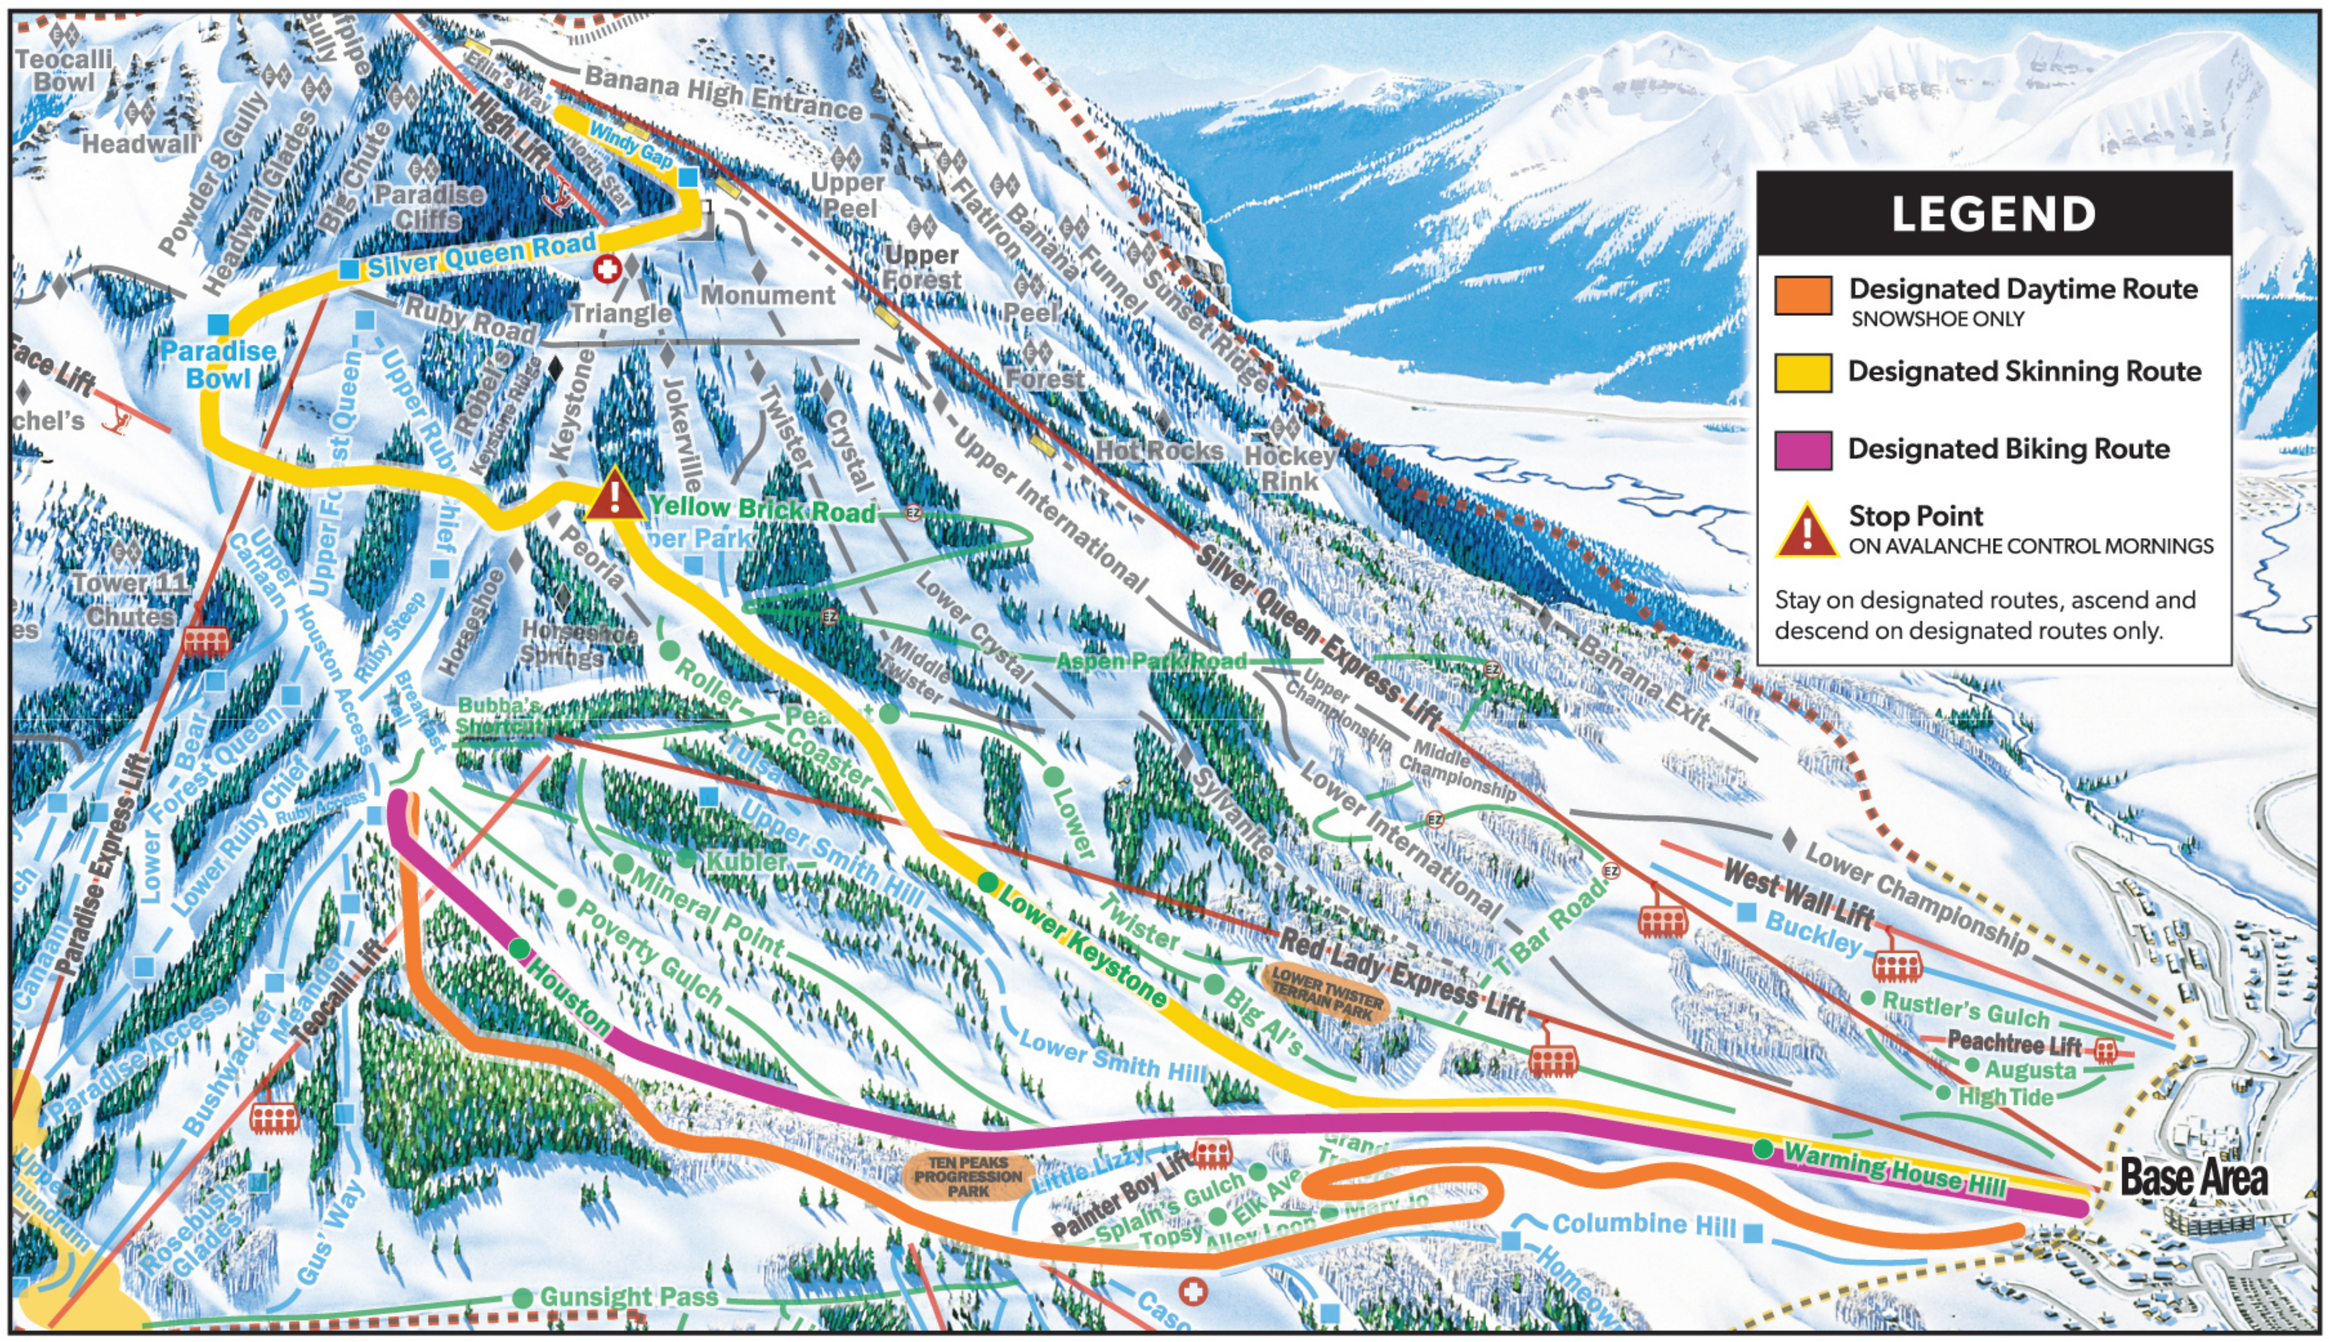
UPHILL USE MAP



The CBMR Uphill Policy must be adhered to and obeyed by all uphill users and Fat Bike Riders. For the complete Uphill Use Policy, visit skicb.com/uphill.

- **All uphill travel must cease by 8:45am, with the exception of snowshoeing on the daytime route.** Fat Biking is only allowed before 8:45am and after 4:30pm on the designated Biking Route.

- **During early morning avalanche control work, do not continue uphill beyond the top of Upper Park for all skinners.** There will be a red flashing light deployed on top of tower 3 of the Red Lady Lift and at the base area, during avalanche control mornings. Skinners may be required to turn around at the junction of Peanut and Lower Keystone during early season operations. Uphill privileges will be revoked if this is not abided by.

- **Hazards may exist on the mountain at any time. Under no circumstances may anyone access any area where winch cat operations are taking place.**

- **Pets are not allowed to travel with uphill users.**
