Warm It Up Easiest

HOTDOGGER, DOWN TIME, PRIMER, PAINTER BOY

RIDER TYPE: Novice XC/All Mountain

Beginner trails are recommended for new riders to build their skills or experienced riders to warm up for the day. Hotdogger is a fun descent with berms and rollers leading to Down Time and the lift for your next lap. Primer to Painter Boy is a XC-style singletrack that also connects to Down Time. These are the easiest ways down the mountain, but still require the ability to pilot a bicycle over rough terrain.

### STEP IT UP Intermediate

TEASER, COLUMBINE, LUGE, FREQUENCY RIDER TYPE: Intermediate Downhill, XC/All Mountain

Time to pick up the pace! Luge is a gravity-fed descent with some rolling and berming to help you keep your speed. Teaser boasts undulating terrain and jumps to help learn how to get the wheels off the ground. Head toward Columbine for a XC ride through beautiful meadows and forests.

RIDER TYPE: Expert Downhill, XC/All Mountain

Avery is a DH racetrack that has a little bit of everything for the experienced shredder. Roots, rocks, speed and air all present themselves in this super fun ride. Timeline is the most popular trail on the mountain with fast flowing turns and large jump features. Westside is a classic Rocky Mountain XC trail with tight trees, technical rocky sections and fast singletrack.
